

AEK-DINERS REWARD PROGRAM TERMS

A. THE PROGRAM

1. All AEK-DINERS card holders can participate in this program.
2. There are no minimum purchase requirements for participation in this program, nor are there additional financial costs for the AEK-DINERS card holders.
3. Participation of new card holders in the program begins from the issuance of their first monthly card account statement.
4. In the case where one AEK-DINERS card is converted to another DINERS card, the accumulated points cannot be transferred to the new card.
5. In case where an AEK-DINERS card is lost or stolen, then the accumulated points prior to the loss or theft, will be transferred to the new card.
6. In case an AEK-DINERS card is cancelled from the Diners Club for any reason, then the accumulated points cannot be redeemed.
7. The list of gifts offered by the program is valid until May 2010 and can be enriched and/or renewed without any previous notification to the card holders.
8. Diners Club and PAE-AEK maintain the right to change the list of gifts offered as well as to modify or cancel the present program, after notifying card holders in AEK FC official site, in case an important reason occurs.

B. HOW YOU CALCULATE THE PROGRAM POINTS

9. In the current AEK-DINERS point collection program, all transactions made with the use of the credit card are calculated. The transactions that are not valid for point collection are account charges regarding annual fees, cash withdrawals, interest and other types of Diners Club fees.
10. The transactions made by the additional card holders are also calculated in the above transactions. Whenever a card holder makes a transaction which is about to be charged to the card's account in payment instalments, then the points earned are registered partially, per month, in accordance to the amount of every payment instalment.
11. The number of points earned, depends on the value of the actual transaction made at that time.
Specifically, the AEK-DINERS card holder will earn 1 point for every 10 euros charged to the card. Especially for transactions for purchases made from authorized PAE AEK sports shops, AEK-DINERS card holder earns 2 points for every 10 euros charged.
12. The points of the "Scoring and Points" program will be credited in two stages: one month after the end of the First round at the latest, and accordingly after the end of the Second round.

C. HOW YOU WILL BE INFORMED ABOUT POINTS EARNED

13. The card holders can be informed every month regarding the total amount of points they have earned (from the main card and the additional cards), for the points which have already been redeemed, and for the available points to be spent, with a relevant notification which will be included in the cards' account statement.

D. POINT REDEMPTION

14. The redemption of program points can be done wholly or partially, from the main card holder. In case of partial point redemption, the points that are not redeemed, will remain in the card holders account for future redemption.
15. The points earned by the card holders cannot be cashed in, and the gifts cannot be changed nor can they be exchanged for cash.

16. The card holder who wishes to redeem the accumulated points, must call Citiphone line 210.9290200, in order to officially declare the point redemption. After card holder's request, PAE-AEK is responsible for the gift transaction.

17. All gifts are available from PAE-AEK only. In case of exhaustion of requested gift(s), the card holder can request other available gifts of the same or lower gift category.
